Summary Notes for Data Update v101

Author: Rich Burge

Date: 25th April 2025

Details

1. Added "Each Victim" value for Basis dropdowns
 - a. To support processing of Harassment and Sexual Assault business, the value "Each Victim" has been added as a dropdown value for the following tags: Coverage Basis, Excess Basis, Deductible Basis, Attachment Point Basis, and Retention Basis.
2. New tags for capture of policyholder URLs
 - a. All related policyholder tag sets (insured, reinsured, including additional and original) now include a URL tag for the capture of the business domain address.
3. New tags for Endorsement times
 - a. To complement existing endorsement tags like Endorsement Effective Date and Endorsement Expiry Date, the following tags are now available:
 - i. Endorsement Effective Time,
 - ii. Endorsement Expiry Time,
 - iii. Endorsement Time Qualifier, and
 - iv. Endorsement Time Zone.
 - b. Endorsement Time Qualifier and Endorsement Time Zone are associated to existing reference data lists.
- Endorsement Effective Time and Endorsement Expiry Time are associated to equivalent ACORDGPM and CDRv3 alt tags.
4. Côte d'Ivoire has been added as a selectable value for Risk Location Country, Risk Location Country Excluded, Regulatory Risk Location Country, and Regulatory Risk Location Country Excluded tags.
