

Whitespace Platform

Release Notes v3.0.2

Author: Tim Dedopulos
Date: 14th January 2025

Headlines

Off-Platform stamps correctly specify the broking organisation which added the stamp to the contract.
The Defined Data tag list has been updated.

Release Details

Off-Platform Stamps now Correctly List Only the Broking Organisation Adding the Stamp

Prior to the 3.0.2 release, Off-Platform stamps were including the organisational identities of both the broker applying the stamp and the broker who originally created that stamp for the Off-Platform underwriter in question. This was not intended.

- Off-Platform stamps include a parenthetical note at the end of the stamp text specifying (added by X), where 'X' is the name of the organisation which added the stamp to the contract.
- The similar parenthetical note specifying the name of the organisation which originally added the stamp to the Off-Platform underwriter's account is no longer incorrectly added.

Defined Data Updates

The Defined Data tag list has been updated.

- Please see the Whitespace Data Dictionary document for details.

Production Installation and Access Guide

iOS App

iOS users need to upgrade their Whitespace Platform iOS app to the latest version, which is available on the Apple App store. If you experience any difficulty signing in after the upgrade, it may be necessary to delete and reinstall the iOS app.

Browser

The Whitespace Platform on Browser updates automatically. If you are already logged in at the time of the update, you will see a notice requiring you to refresh the page.
