Sharing Stamps on a Verticalised Contract

Mark a draft contract as a firm order and click on the action arrow next to the heading

ier Selection > Participation Role & Line Guidance > Show To Carriers	
Do you wish to make stamps visible to underwriters on the contract? The contract contains vertical terms. The setting will apply to all suberguently shown underwriters and to all sections of a multi-sectioned contract, although underwriters will only see stamps for sections they participate of the setting stamp starting option: Share all stamps Share Leaden's stamp with follower(s) Share Leaden's stamp with follower(s) The setting same to charged once the contract has been shown to carriers.	Follower(s) View

option required. In this option, followers will 'Proceed' see the leader's stamp as well as their own

Ensure all vertical terms have been assigned to the correct underwriters as usual
