

Whitespace Platform

Release Notes v3.1.2

Author: Tim Dedopulos

Date: 18th March 2025

Headline

Hiding a contract heading title no longer causes text overlaps in exported documents.
Contract Library tooltips no longer open a blank page when clicking the 'Learn more' button.

Enhancements

- After setting the title of a contract heading to 'Hidden', if the contract heading text was set to align with the bottom of the contract heading title in the export settings, the text was being moved upwards a short way in exported documents to overlap with the contents of the previous contract heading.
 - This issue has been corrected, and exported contract heading text is now properly aligned when its title is hidden.
- The 'Learn more' button in certain tooltips in the Contract Library was opening a blank page.
 - This issue has been corrected, and the button now opens the correct Contract Library overview document in the Knowledge Base.
 - Having opened the document by clicking 'Learn more', the Knowledge Base's 'Back' button does not currently work in Chrome or Firefox. This will be adjusted in a forthcoming release.
