

Whitespace Platform Version 1.4.3 Release

Author: Jack Harrison
Date: 9th October 2020

1 Release Details

This release of the Whitespace Platform introduces full Vertical Terms functionality to the iOS App and a further enhancement to the Browser, as well as various performance improvements and bug fixes.

New Functionality

Vertical Terms

- Enhancement to allow users to press and hold a line item on iOS to open an edit menu with options to edit text, create vertical terms or assign carriers.
- Enhancement to Firm Orders which have already been shown to support the creation of new Vertical Terms on headings were not previously verticalised.

Browser Enhancements and Bug Fixes

- Fixes to the contract view and item selection in Firefox.
- Fix to the display of tables requiring scroll bars.
- Improvement to the display of tables in PDF exports.
- Fixed latency issue when editing contract text.
- Fix for leader editing of specified headings at firm order.
- Fix for the display of long numbering schemes in lists in the PDF export.
- Fix for issue where 'Saving and Publishing' message would not update appropriately in the Admin Portal.
- Fix for underwriter agreement not being displayed in Word exports.

iOS Enhancements and Bug Fixes

- Performance improvements for risks containing large amounts of data.
- Performance improvements for underwriters in the 'Add a Line' menu.
- Fix for line item edits with placeholders.
- Enhancements to the 'Track Changes' feature to make contract edits clearer.
- Fix for the display of long numbering schemes in lists in the iOS contract view.
- Fix to contract text alignment.

2 Production Installation and Access Guide

iOS App Users

We recommend that iOS users upgrade their Whitespace Platform iOS app to the latest version, which is available on the Apple App Store.

If you experience any difficulty signing in after the upgrade, it may be necessary to delete and reinstall the iOS app.

Browser Users

The Whitespace Platform on Browser will update automatically. If you are already logged in at the time of the update, you will see a notice requiring you to refresh the page.
